### Take The Sales Continuum Challenge

What I want you to remember is that YOU are in control of your thoughts and beliefs around marketing and sales. Take the next 7 days to recalibrate your *client attraction mojo* by setting an intention to be mindful about the energy you are holding as you step into any action related to marketing and sales.

Below you will find a tool for being mindful of the energy you are holding around sales and marketing.

### Three Steps To Raise Your Vibration...

1. Print this handout I've designed to help you shift your energy around sales to become the people and opportunity magnet you are meant to be.
2. Keep the handout in front of you throughout each day, referring to the Low and High Vibration statements to get a sense of where you are on the continuum.
3. As you take steps to market or sell throughout the day, jot down the steps you took and whether you were in a low vibration (heavy, restricted, and doubtful) or a high vibration (excited, expansive and confident).

At the end of the day, take stock of a few things...

- How much time you spent either marketing or selling.
- Where you were on the continuum as you took these steps.
- What do you want to do differently tomorrow to raise your vibration and become the "client attracting magnet" you can truly be.
